❖ We were born into a war that has been raging on since the beginning of creation. A war where the casualties are lost in the fires of Hell. A war that conscripts every person into combat, on one side or the other, whether they like it or not. A war that God will ultimately win, but many people will lose if they die fighting for the wrong side.

On **October 28**, 9-4 PM, join Fr. Gary Thomas and Zachary King for an exciting day of prayer, fellowship and inspiring talks that will equip and embolden you to fight the **spiritual battle** we are in while protecting yourself and loved ones. A reality check with messages of hope and mercy.

Canada Christian College, 50 Gervais Drive, (Don Mills & Eglinton). Parking is FREE on site (first come first served). Lunch is available at venue for \$6.

❖ **Needs of the Church in Canada** [www.cccb.ca](http://www.cccb.ca). Each year the Canadian Conference of Catholic Bishops is asked to speak out, give leadership, or provide guidelines for the faithful on a wide variety of topics. In order for our Bishops to be able to make proper judgments on modern topics, they must have the benefit of research and expert advice. Research and gathering information require staff, time, and money. Finding ways to provide channels to the Bishops from the people of God and ways of disseminating the thinking of the Bishops to the people of God also requires resources. Through the yearly Bishops' collection for the needs of the Church in Canada, an appeal is made to all Catholics to be generous in supporting the work of their Bishops. In addition to contributions, we are also asked to pray for the work of the Bishops and to participate in and cooperate with the various projects of the CCCB. This year the collection for the Needs of the Church in Canada will be on **September 24**. Thank you for your donations.

❖ **Development and Peace 50th Anniversary**. Did you know that when Typhoon Haiyan devastated the central Philippines, Development and Peace (D&P) raised \$12 million and is helping affected communities become more resilient and participate directly in the reconstruction process. Drawing on the expertise of its existing partners, D&P is addressing the poverty, socio-economic inequality and state of powerlessness that makes poor and marginalized communities so vulnerable to natural disasters. To find out more about the work of D&P or to become a member or donor, visit the website at <http://www.devdp.org/en/get-involved>.
